

TAKE-HOME FAMILY WORKSHEET

Planting the Seeds of Sustainability

A Grade School Program (K–8 · Ages 5–13) from Pure Form Solution

Student Name: _____

Date: _____

TALK IT OVER

With a grown-up, talk about one plastic item your family uses every day. Could it be swapped for a compostable version?

THIS WEEK AT HOME

- ☐ Used a compostable cup, cup, or container at home
- ☐ Sorted something into compost instead of the trash
- ☐ Talked with family about where plastic comes from
- ☐ Found one plastic item we could swap for something compostable

DRAW IT! Draw something compostable you saw this week.

Parent / Guardian Signature: _____
