Why It Matters For Your Institution

Convention centers, government buildings, and large institutional venues host millions of attendees each year. The volume of single-use plastic generated across catering services, concession stands, and event food service is massive — and clients, tenants, and procurement offices increasingly require venues to demonstrate measurable plastic reduction.

A comprehensive Institutional Venues Sustainability Program built on PureFormSolution.com products positions your institution as a preferred choice for ESG-conscious corporate clients, government agencies, and event organizers who mandate responsible procurement policies — while preserving the speed and reliability every event demands.

AT A GLANCE

85%

of event attendees prefer venues with eco-friendly serviceware

40B+

single-use plastic items discarded at US events annually

100%

of Pure Form products are certified compostable

microplastics in every product we make

WHAT YOUR INSTITUTION GAINS

- ✓ Win ESG-driven venue contracts with corporate and government clients
- ✓ Quantifiable, reportable plastic waste reduction across every event
- ✓ Same speed and durability staff expect at scale, event after event
- ✓ Meet government procurement mandates and green purchasing policies
- ✓ LEED certification and ISO 14001 compliance support built in
- ✓ A stronger story for RFPs, tenants, and competitive venue bidding

An Institutional Venues Sustainability Program helps your facility meet the standards clients, government agencies, and event organizers increasingly expect from major venues.

Every Area Of Your Institution, Covered

CR

Conference Rooms & Meeting Halls

Replace plastic cups, water bottles, and stir sticks at every meeting and breakout session with the same polished appearance and zero plastic residue.

CUPS & LIDS · COCKTAIL STIRRERS · UTENSILS

TS

Trade Shows & Exhibitions

Outfit every exhibitor booth, food court, and concession stand with certified compostable serveware attendees notice.

CLAMSHELLS · CUPS & LIDS · STRAWS · UTENSILS

CF

Catering & Food Service

From breakfast buffets to multi-course gala dinners, replace plastic containers, cutlery, and serving ware with alternatives that perform under real serving conditions.

CLAMSHELLS · UTENSILS · CUPS & LIDS · CONTAINERS

VL

Cocktail Receptions & VIP Lounges

Elevate VIP and networking events with plant-based stirrers, compostable cups, and straws matching a premium aesthetic.

COCKTAIL STIRRERS · STRAWS · CUPS & LIDS

AR

Sports Arenas & Exhibition Halls

Scale your program across high-volume concession stands. Cups, lids, and straws handle thousands of transactions per event with no compromise on speed.

CUPS & LIDS · STRAWS · CLAMSHELLS · UTENSILS

GV

Government & Civic Facilities

Meet sustainability mandates and procurement standards at city halls, courthouses, and civic centers while eliminating single-use plastic waste.

UTENSILS · CUPS & LIDS · CLAMSHELLS · BOTTLING

ONE SUPPLY SOURCE, EVERY TOUCHPOINT

Products ship pre-mapped to venue zones, so facilities and procurement teams don't have to guess what replaces what at the counter, booth, or concession stand.

6 Steps to a Plastic-Free Venue

01

Audit Your Venue's Plastic Footprint

Survey every area — conference rooms, food courts, concession stands, catering kitchens, lounges, and outdoor spaces. Document every single-use plastic item by type, volume, and supplier.

02

Map Compostable Replacements

Match every plastic item to a certified PureFormSolution.com alternative — cups, lids, straws, cutlery, containers, and bottling.

03

Set Measurable Sustainability Goals

Define concrete targets tied to your event calendar and link them to LEED certification, ISO 14001, or local government sustainability mandates.

04

Phase Your Rollout by Venue Zone

Start with highest-visibility areas like coffee stations and meeting halls, then expand to catering, food courts, and concession stands.

05

Train Staff & Communicate to Attendees

Brief catering managers, event staff, and facilities teams, and deploy guest-facing signage that showcases your sustainability commitment.

06

Measure, Report & Certify

Track plastic waste diversion per event and use our certification documentation to support LEED points, ISO 14001 audits, and ESG reporting.

Certifications Your Institution Can Rely On

LE

LEED Certification Support

Certified compostable products contribute to LEED credits for Materials & Resources and Waste Management categories.

IS

ISO 14001 Compliance

Documented product certifications support Environmental Management System (EMS) audits under ISO 14001.

GP

Government Procurement

Certified compostable products satisfy federal, state, and municipal sustainable procurement requirements.

OC

OK Compost Industrial

Products certified to biodegrade completely in industrial composting conditions — no microplastic residue.

OM

OK Biodegradable Marine

PHA straws and select products certified to biodegrade in marine environments, the highest biodegradability standard.

ZM

Zero Microplastics

Every product is guaranteed free of microplastic residue — a critical requirement for LEED MR credits and ESG reporting.

DOCUMENTATION ON REQUEST

Every certification referenced above is backed by third-party test reports from TUV Austria and equivalent bodies. Your facilities, procurement, or sustainability team can request full documentation to support LEED submissions, ISO 14001 audits, and RFP responses.

Products Built For Institutional Venues

Compostable Cups & Lids

OK Compost Industrial

Biodegradable Straws

OK Biodegradable Marine

Clamshell Boxes

OK Compost Home

Biodegradable Utensils

OK Biobased

PHA Cocktail Stirrers

OK Biodegradable Water

Compostable Bottling

OK Biobased

Rigid & Flexible Containers

OK Compost Industrial

PHA & PLA bioplastics that biodegrade completely — in soil, marine, home, and industrial environments, with zero petroleum inputs and zero microplastic residue.

ORDERING & SUPPLY

- ✓ Volume pricing for single-venue and multi-facility institutional accounts
- ✓ Co-branding available for cups and event signage packaging
- ✓ Consistent supply for high-turnover event and concession service
- ✓ Dedicated account support for phased, zone-by-zone rollout

Ready to Make Your Venue Plastic-Free?

Join convention centers, government buildings, and institutional venues eliminating single-use plastics with Pure Form Solution's certified compostable products. Our team will help you audit, plan, and phase your rollout.

GET STARTED IN 3 STEPS

- 1 Request a plastic-footprint audit for your venue
- 2 Get a phased product rollout plan by zone
- 3 Launch with staff training & attendee-facing signage
